AU SMALL FINANCE Bankwill likely enter into partnerships for co-branded credit cards in next one year, said the lender's credit card business head Mayank Markanday.

"Normally, people do cobranding to scale up because you can get easy customer acquisition but then easy customeracquisition will be a pain if you cannot engage with those customers," he said.

"So, we have not gone in too high. We have spent around a year-and-a-half on our credit card journey. We understand the business now. We are finding partners who can marry with us so that their objectives are fulfilled and our objectives can be fulfilled," Markanday

December and spend per card is at more than ₹19,000 per month, the investor presentation from the bank's December quarter results showed.

The customisable credit card LiT is the bank's highest selling variant. On Monday, the bank launched SwipeUp, a platform that enables credit card holders of other banks to upgrade their card to one of AU Small Finance Bank credit cards.

"When you want to take a credit card, you see the value provided to you. So, we are enhancing your value proposi-

"You see whether your credit limits are as per your need. We are enhancing your credit limit and telling you that this is what we can offer you, that is better than your previous cards. Also, whether the card is as per the right category of spends you have. We are fulfilling that. I think we are putting these three things in a better manner than what is provided to you," he said.

Broadly, the bank is looking to enhance its technological capabilities in a bid to compete with the larger banks. "The prime job of any bank

is to raise deposits and to make depositors feel comfortable in terms of products, service and convenience. It will be our number one priority as to how much we can get our depositors to trust us. I think tech is the way to get depositors' trust. This is our priority and we are doing everything around that," Sanjay Agarwal, managing director and chief executive officer, said.

In fact, the bank is looking to migrate its information technology infrastructure to cloud in 2024.

"We really want to shift to cloud. Our team is working on those lines. We have figured out top 10 applications. It is not an easy subject. Our team is very aware about this. I strongly believe that AU team will pull this off as well. You will see us in cloud more and more from 2024 onwards. We are really focussing on this," Agarwal said.

RELIGARE FINVEST CASE

Sebi orders attachment of bank accounts of Shivinder, 4 others

New Delhi, January 24

SEBI HAS ORDERED the attachment of bank and demat accounts of Shivinder Mohan Singh and four entities to recover ₹32.10 crore in a matter related to the fund diversion case of Religare Finvest.

Religare Finvest Ltd (RFL) is a subsidiary of Religare Enterprises Ltd (REL).

The recovery proceedings against these entities -- Shivinder Mohan Singh, Malav Holdings, RHC Holding, ANR Securities and Religare Corpo-

rate Services (now known as Finserve Shared Services) -- for ₹32.10 crore. The amount includes inter-

est, all costs, charges and expenses, the Securities and Exchange Board of India said in an attachment order passed on Monday. In its notice, Sebi asked all

the banks, depositories and mutual funds not to allow any debit from the accounts of Singh, Malav Holdings, RHC Holding and ANR Securities. However, credits have been allowed.

Further, the market watchdog has directed all banks to attach all accounts, including lockers, of all the defaulters. Earlier this month, Sebi

sent notices to various entities, including erstwhile promoters of Religare Enterprises Malvinder Mohan Singh and Shivinder Mohan Singh, asking them to pay₹ 48.15 crore within 15 days in a fund diversion case of Religare Finvest.

The regulator also warned of attachment of assets and bank accounts, if they fail to make the payment. —PTI
